1 Introduction

- 1.1 The purpose of this Model Pay policy is to provide a clear framework for the Trust Board of [BASE Academy](#) to exercise its powers in relation to the pay of employees for whom it is the relevant body i.e. locally managed. It is a whole school pay policy for all staff in the academy although in the main the discretionary pay elements are restricted to School teachers' pay and conditions document 2023 ('STPCD') and associated guidance documents and as such the STPCD should be used and read in conjunction with this policy.
- 1.2 Furthermore, as this Pay Policy has direct links and reference to the current [Appraisal, Performance Management Policy](#) this should also be read in conjunction with this policy.
- 1.3 There is less discretion in the review of the salaries of **support staff** that are paid in accordance with the National Joint Council ('NJC') for Local Government Services. As with teaching posts, the pay and grading of jobs must be fair and non-discriminatory, complying with equal pay legislation. Further information regarding this is contained within Section 2 of this policy.
- 1.4 This policy does not allow for any requirements of the current STPCD or NJC to be over-riden. The key purpose of the policy is to ensure all pay decisions are fair, transparent and uses objective criteria in order to secure consistency and fairness in pay decisions and to comply with the academy's commitment to equal opportunities.
- 1.5 Within this policy there is a variety of decisions each school will be required to consider. For clarity;
 - [Green text details reference points within the School teachers' pay and conditions document \(STPCD\) and associated Section 3 guidance and NJC \(Green Book\) Conditions of Service which should be read in conjunction with this policy.](#)
 - Black text details provisions of the academy teachers pay and conditions document 2023 which must be adhered to from 1 September 2023.

2 Guiding principles

- 2.1 As the 'relevant body', the Trustees will seek to: (add/delete as appropriate)
 - maintain and improve the quality of services by having a staffing structure and pay policy which supports the aims/mission statement of the academy and the academy Improvement Plan;
 - ensure that each member of staff is valued and receives proper recognition for their work and their contribution to the academy;
 - ensure fair and open treatment of staff within the academy and to enhance and maintain staff morale through the management of the pay policy and through an awareness of the impact of decisions on all members of staff and on other schools;
 - recognise the importance of a well-motivated staff of the highest quality through the use of recruitment and retention policies;

- use the flexibility inherent in the national conditions of service for all staff in a positive and constructive fashion within the resources available;
- 2.2 In seeking to apply these aims, the Trustees will take account of advice issued by: the Local Authority; the DfE, Local Government Organisations and the Teacher Associations and Trade Unions.

3 Equal opportunities

- 3.1 The Trust Board strives to be an equal opportunities employer and as such, opposes all forms of unlawful or unfair discrimination. All employees will be recruited, trained and developed on the basis of their ability and the requirements of the job. When making decisions about pay, the Trustees will comply with [The Equality Act 2010](#), [The Employment Rights Act 1996](#), [The Employment Relations Act 1999](#) and [The Employment Act 2002](#), as well as [The Part-time Workers \(Prevention of Less Favourable Treatment\) Regulations 2000](#), [The Employment Act 2002 \(Dispute Resolution\) Regulations 2004](#), and [The Fixed Term Employees \(Prevention of Less Favourable Treatment\) Regulations 2002](#), [The Employment Equality \(Age\) Regulations 2006](#), [The Employment Equality \(Sexual Orientation\) Regulations 2003](#), and [The Employment Equality \(Religion and Belief\) Regulations 2003](#).

4 Financial considerations

- 4.1 The Trust Board is responsible for the academy budget and will ensure that where necessary appropriate funding is allocated for pay progression at all levels. The Trust Board recognises that funding cannot be used as a criterion to determine progression and as such staffing budgets within this school will be set to assume that all employees will progress the salary ranges, subject to the provisions of this policy.
- 4.2 In considering the financial support for pay decisions, the Trustees will seek to strike a balance between their aims and the resources available to the academy.
- 4.3 If, in any one year, the academy experiences demonstrable significant financial constraints, these will be identified and the implications for pay review determined before any decisions are made. If there has to be any prioritising of pay decisions, the reasons and method of prioritising will be determined at the outset. Pay decisions for all posts will be included in this ranking process. Teacher Associations will be fully consulted in determining the criteria(s) to be used.
- 4.4 Where national pay awards are made this school is committed to uplifting all pay points and allowances as detailed within this policy.

5 Pay review and salary statements

- 5.1 The Trust Board will ensure that every teacher's salary is reviewed annually with effect from 1 September and usually no later than 31 October (except in the case of the Head of School, who will have their review usually held by 31 December) each year and give them a written statement setting out their salary and any other financial benefits to which they are entitled by 31 December.

- 5.2 Pay decisions will be made as part of the annual appraisal cycle; details of this are contained within the current school model [Appraisal, Performance Management Policy](#).
- 5.3 Reviews may take place at other times of the year to reflect any changes in circumstances or job description that lead to a change in the basis for calculating an individual's pay. A written statement will be given after any review and where applicable will give information about the basis on which it was made.
- 5.4 Where a pay determination leads or may lead to the start of a period of safeguarding, the Trust Board will give the required notification as soon as possible and no later than one month after the date of the determination.

Further information regarding safeguarding provisions for teachers is contained within the [STPCD \(Section 30–37\)](#) and within this policy (Paragraph 11.10) for NJC staff.

6 Reviewing the policy

- 6.1 The Trust Board will undertake an annual review of the whole school pay policy in light of the previous year's implementation, any changes to National Conditions of Service and taking full account of the academy improvement plan in consultation with staff and unions.

7 Consultation and circulation

- 7.1 This model Pay Policy was consulted and agreed with all recognised Trades Unions and Teaching Associations within BASE Academy, and all recognised parties will be consulted in the course of the policy review and provided with a copy/access to the final version policy.
- 7.2 Any subsequent changes/deviations from this model Pay Policy made by this school will be negotiated separately with relevant Trades Unions and Teaching Associations.
- 7.3 The Trust Board will consult staff and unions on the pay policy and review it each year, or when other changes occur to National Conditions of Services to ensure that it reflects the latest legal position. It will be used in conjunction with them, but, in the event of any inadvertent contradictions, the National Conditions of Service and associated guidance take precedence.

Section 1

8 Employees covered by the academy teachers' pay and conditions document ('STPCD')

- 8.1 With effect from 1 September 2013, all decisions about teachers' pay progression have been linked to performance. Schools have significant flexibilities and therefore a number of important decisions to make regarding the implementation of a revised pay policy for their school. For clarity;
 - Green text details reference points within the [School teachers' pay and conditions document](#) and associated [Section 3 guidance and NJC \(Green Book\) Conditions of Service](#) which should be read in conjunction with this policy.

- Black text details provisions of the academy teachers pay and conditions document 2023 which must be adhered to from 1 September 2023.

Class Teacher Pay Provision

- 8.2 All decisions regarding Salary payments will be made in accordance with [STPCD \(Section 1–28\)](#).
- 8.3 There are six main pay ranges for teachers; (see Paragraph 8.8 and 9.30 of this policy for further detail)
- Unqualified Teacher Pay Range
 - Qualified Teachers Entry Range
 - Qualified Teachers Accomplished Range
 - Qualified Teachers Advanced Range
 - Leading Practitioners (whose primary purpose is to model and lead teaching improvement)
 - Leadership Pay Range
- 8.4 All qualified teachers will be paid at a point within the salary scales detailed in Table 1. Salary scales for non-qualified teachers and leading practitioners are also contained within Table 1.
- 8.5 Salary values will be amended from time to time to reflect national changes to teachers pay.
- 8.6 Any pay increase awarded to a teacher on the unqualified teachers' pay range, qualified teachers pay range remain permanent for as long as the teacher remains within this Trust.
- 8.7 This Trust has developed a teacher's pay framework to ensure that it is able to link pay progression to performance.
- BASE Academy will use the following pay framework to determine teachers' pay.
- 8.8 Teachers may only progress through the pay points subject to their performance being assessed as successfully achieving their objectives, as determined through the academys agreed [Appraisal, Performance Management Policy](#), and have demonstrated that they are competent in all elements of the published Teachers Standards.
- Further information regarding pay determination and progression are detailed in Section 9 of this policy.

9 Pay determination and pay progression

Recruitment of Staff

- 9.1 Prior to recruitment the Trust Board will determine the pay range for a vacancy giving due consideration to:
- the requirements of the post
 - the specialist knowledge required for the post
 - the experience required to undertake the specific duties of the post
 - the wider school context
- 9.2 All advertisements for roles within the academy will detail the minimum and maximum salaries payable in accordance with the pay provisions detailed in table 1.
- 9.3 The Trust Board will be responsible for determining the starting salary of an employee. Where pay ranges are restricted for any reason, clear reasons for this decision should be recorded

Pay Progression

- 9.4 Within a school within the Trust all pay decisions will be taken by the 'Pay Committee' following advice taken from the Head of School.
- 9.5 Teachers may only progress along the pay points subject to their performance being assessed as 'deserving'. This is defined as being assessed as making as a minimum, good progress towards their agreed objectives and evidence exists of competency in all elements of the published teacher standards i.e. a good 'totality of performance' when referenced against the teachers' standards.
- Progression will be determined through the academys agreed [Appraisal, Performance Management Policy](#). To assist in this process a "progression matrix" (Career Stage Expectations) against the teacher standards has been produced which exemplifies what performance level and impact is expected at each pay band.
- 9.6 Appraisal in a school will be a supportive and developmental process designed to ensure that all teachers have the necessary skills and support they need to carry out their role effectively and one which contributes to the effective management of individuals and teams in order to achieve high levels of performance within a school.
- 9.7 The academy has developed an appraisal and performance management process which establishes a shared understanding about what is to be achieved and an approach to leading and developing people which will ensure that it is achieved. Additionally, it will help to ensure that teachers are able to continue to improve their professional practice and to develop as teachers.
- 9.8 Within a school, performance management is seen as a continuous cycle and all employees will be monitored, assessed and provided with feedback on their performance on a continual basis. This will be done through a range of quality assurance activities.

- 9.9 Decisions regarding pay progression will be made with reference to the teachers' appraisal reports and pay recommendations they contain as indicated within the academy's appraisal policy.
- 9.10 To ensure pay decisions within a school remain fair and transparent, all pay assessments and recommendations will be properly rooted in evidence. In a school the evidence will seek to demonstrate;
- an increasing positive impact on pupil progress
 - an increasing impact on wider outcomes for pupils
 - improvements in specific elements of practice identified to the teacher, e.g. behaviour management or lesson planning
 - an increasing contribution to the work of the academy
 - an increasing impact on the effectiveness of staff and colleagues
- 9.11 Teachers employed on Qualified Teachers Entry Range or Accomplished Range and who are assessed as 'deserving' (see Paragraph 9.5) will be awarded a minimum of one incremental point up to a maximum of T6 (threshold bar) on completion of that cycle, payable from 1 September.
- 9.12 Teachers who are eligible to apply to be paid on the Qualified Teachers Advanced Range but chose not to, are able to be paid on T6 providing they are assessed as "deserving" (see Paragraph 9.5). It is not possible to lower a teacher's pay as a result of an unsatisfactory performance appraisal.
- 9.13 Teachers, who as part of the appraisal cycle are assessed as making 'outstanding' progress' towards their objectives and have demonstrated that they are highly competent in all elements of the published Teachers Standards and also evidence the 'Professional skills' of that pay band are eligible to receive accelerated pay progression within the pay bands detailed in Table 1 above. In normal circumstances a Teacher will not progress over a maximum of one pay band per appraisal cycle; however the Trust Board retains the right to approve this in exceptional circumstances.
- 9.14 Where a determination is made as part of the appraisal cycle that 'no pay progression' is applicable, this does not automatically give recourse to commencing capability proceedings. Within a school any member of staff who is determined that 'no pay progression is warranted' will be supported in accordance with the appraisal and performance management in order to improve their performance in line for the next appraisal cycle.

Moderation

- 9.15 All pay decisions will be subject to a moderation process. Within a school moderation will be undertaken by;
- All appraisal documentation and associated pay decisions will be reviewed by the Head of School, prior to being submitted to the Trust Board for formal approval.

Application to be paid on Qualified Teachers Advanced Range

9.16 From 1 September 2014 any qualified teacher who can demonstrate sustained performance may apply to be paid on the Qualified Teachers Advanced Pay Range. Qualified Teachers may apply to be paid on the Qualified Teachers Advanced Pay Range at least once a year in line with their schools pay policy. The relevant body shall assess all applications against the same criteria.

An application from a qualified teacher will be successful where the relevant body is satisfied both;

- i. That the teacher is highly competent in all elements of the relevant standards.
- ii. That the teacher's achievements and contribution to an educational setting or settings are substantial and sustained.

9.17 Applications for progression to Qualified Teachers Advanced Pay Range should be made as part of the appraisal process following discussions with the Head of School prior to an application being submitted.

9.18 Schools are free to decide on the format of how teachers apply to be paid on the Qualified Teachers Advanced Pay Range and the evidence they are required to provide.

9.19 Teachers achieving the Qualified Teachers Advanced Pay Range in keeping with all other salary assessments will be reviewed annually. The relevant body may determine to progress the pay of a Qualified Teachers Advanced Pay Range teacher yearly.

Note: If a teacher is simultaneously employed at another school(s), they may submit separate applications if they wish to apply to be paid on the upper pay range in that school or schools. A school within the Trust will not be bound by any pay decision made by another school.

Assessment of applications to be paid on Qualified Teachers Advanced Pay Range

9.20 The relevant body will judge an application for progression to Qualified Teachers Advanced Pay Range in relation to the Teacher Standards, the academy's Performance Progression Matrix or Career Stage Expectations and the following criteria, namely that;

- They are highly competent in all elements of the relevant standards and; their achievements and contribution to the academy are substantial and sustained.

9.21 Within a school, this means;

- Highly competent; the teacher's performance is assessed as having excellent depth and breadth of knowledge, skill and understanding of the Teachers' Standards in the particular role they are fulfilling and the context in which they are working.
- Substantial; the teacher's achievements and contribution to the academy are significant, not just in raising standards of teaching and learning in their own classroom, or with their own groups of children, but also in making a significant wider contribution to school improvement, which impacts on pupil progress and the effectiveness of staff and colleagues.

- Sustained; the teacher must have had a minimum of two consecutive successful appraisal reports in a school and have made at least good progress towards their objectives during this period. They will have been expected to have shown that their teaching expertise has grown over the relevant period and is consistently good to outstanding.

9.22 Further information, including information on sources of evidence is contained within the academy’s appraisal policy.

Leading Practitioner Ranges

9.23 The Leading Practitioner Pay Range is only applicable to qualified teachers who are employed in posts that the academy has determined have the primary purpose of modelling and leading improvement of teaching skills.

9.24 Within a school the following posts have been designated as being remunerated within Leading Practitioners Ranges. Salary details are contained in Table 1;

Position Name	Grade

9.25 Posts designated as being paid on Leading Practitioners Ranges shall have their remuneration determined by the Trust Board. Within a school the Trust Board reserves the right to pay different post holders varying individual post ranges within the overall Leading Practitioner Pay Range as detailed in Table 1 above.

9.26 Teachers employed on Leading Practitioners Pay Ranges and who are assessed as successfully achieving their objectives, as determined through the academy’s agreed [Appraisal, Performance Management Policy](#), and have demonstrated that they are competent in all elements of the published Teachers Standards will be awarded a minimum of one incremental point up to a maximum of their Pay Range as detailed in table 1 of this document.

Performance Descriptors as defined by Ofsted are attached at [Appendix D](#). Schools may wish to develop their own ‘Standards Progression Matrix’ to demonstrate how performance will be assessed within their school.

Unqualified Teacher Pay Ranges

9.27 An Unqualified Teacher employed within a school must be paid a salary as detailed within the Unqualified Teachers Range as shown in Table 1.

9.28 Upon obtaining qualified teacher status under regulations made under section 132 of the Act an unqualified teacher will be transferred to a salary within Qualified Teachers Range as detailed in Table 1. The Trust Board will be responsible for determining the salary of all qualified teachers as per 9.3 of this policy.

Allowances and additional payments

Teaching and Learning Responsibility ('TLR') Payments

- 9.35 All decisions regarding TLR payments will be made in accordance with [STPCD \(Paragraph 20–20.5\)](#).
- 9.36 The Trust Board, following recommendation from the Head of School may award TLR payments to a classroom teacher for undertaking a sustained additional responsibility in the context of their staffing structure for the purpose of ensuring the continued delivery of high-quality teaching and learning and for which the teacher is made accountable. The award may be while a teacher remains in the same post or occupies another post in the absence of a post-holder.

9.37 In a school the following roles have been identified as being in receipt of TLR1 Payments;

Position Name	TLR1 Value

9.38 In a school the following roles have been identified as being in receipt of TLR2 Payments;

Position Name	TLR2 Value
Science	3,391
English	5,644
Early Years	3,391

9.39 Additionally, the Trust Board at the recommendation of the Head of School may award a third, fixed term TLR ('TLR3') to a classroom teacher who is undertaking a clearly time-limited school improvement project(s), or one-off internally/externally driven responsibilities. TLR 3 payments may be awarded consecutively with either a TLR1 or TLR2, providing the criteria as defined in the STPCD are met.

9.40 In a school the following roles have been identified as being in receipt of TLR3 Payments;

Position Name	TLR3 Value

9.41 All TLR3 fixed term payments must be established at the outset and payment should be made on a monthly basis for the duration of the fixed term.

9.42 TLR3 payments awarded to a part-time teacher are not subject to the pro rata principle.

Safeguarding of TLR payments

9.43 In the event that the Trust Board, following recommendations from the Head of School makes changes to their pay policy or staffing structure which results in either;

- the duties for which a teacher was awarded a TLR1 or TLR2 are no longer to include the significant responsibility for which it was awarded; or

- the responsibility for which a teacher was awarded a TLR1 or TLR2 (whether or not this has changed) merits, in accordance with their pay policy and staffing structure, an allowance of a lower annual value ('the new payment');

9.44 The academy will pay the safeguarded sum in accordance with provisions contained within [STPCD](#) (Paragraph 30–37).

9.45 All TLR3 payments are not subject to safeguarding.

9.46 TLR1 and TLR2 payments awarded to teachers employed under a fixed term contract or whilst they occupy another post in the absence of a post-holder will not be safeguarded after the fixed-term contract expires or after the date or the substantive post holder returns, whichever is the soonest.

9.47 Within one month of the determination being made that the TLR payment is no longer payable the Trust Board will notify the teacher in writing of;

- the reason for the determination;
- the date on which the old payment ends and, if applicable, from which the new payment comes into effect;
- the value of the teacher's salary immediately before the determination, not including the safeguarded sum;
- the safeguarded sum;
- the latest date on which the safeguarding period will end;

Special Educational Needs Allowance

9.48 All decisions regarding SEN payments will be made in accordance with [STPCD](#) (Paragraph 21–21.4).

9.49 The pay committee will award a SEN spot value allowance on a range of between £2,539 and £5,009 (from September 2023) to any classroom teacher who meets the criteria as set out in [STPCD](#) (Paragraph 21.2).

9.50 When deciding on the amount of the allowance to be paid, the Trust Board will take into account the structure of the academy's SEN provision, whether any mandatory qualifications are required for the post, the qualifications or expertise of the teacher relevant to the post; and the relative demands of the post as outlined in [STPCD](#) (Paragraph 21.3).

9.51 The Trust Board will also establish differential values in relation to SEN roles in the academy in order to reflect significant differences in the nature and challenge of the work entailed so that the different payment levels can be objectively justified.

9.52 In agreeing SEN Allowances the Trust Board will take account of Paragraph 55–59 of the Section 3 guidance.

Recruitment and retention incentives and benefits

9.53 All decisions regarding recruitment and retention incentives and benefit payments will be made in accordance with Paragraph 27–27.3 of the [STPCD](#) and Paragraph 70–72 of the associated [STPCD](#) Section 3 guidance document.

Recruitment

- 9.54 The Trust Board will consider the payment of recruitment awards to class teachers to the value of {amount} where there are demonstrable difficulties evidenced by nationally or locally identified shortages or by direct experience of nationally, locally and internally advertising a post without success. The Trust Board will be responsible for determining the value of any such payments within a school.
- 9.55 In establishing the amount payable the Trust Board may consider the payment of benefit incentives, for example, a cash sum, a percentage up rating of salary (within agreed salary ranges detailed in table 1), or defined benefits such as childcare costs, support for travel costs, care of dependants or health care provision.
- 9.56 An award may be paid as salary over the given period or as a lump sum (on commencement or after a pre-determined period of unbroken service). All payments must be made in accordance with the detailed requirements of the current 'Teachers' Pay and Conditions Document'.
- 9.57 Head of Schools, Deputy Head of Schools and Assistant Head of Schools, are not entitled to any recruitment awards other than re-imburement of any reasonably incurred housing or re-location costs.

Retention

- 9.58 The Trust Board will consider the payment of retention awards to class teachers to the value of {amount} where there are demonstrable business case to justify this payment being made e.g. evidence locally identified shortages of suitably experienced or qualified staff.
- 9.59 In establishing the amount payable the Trust Board may consider the payment of benefit incentives, for example, a cash sum, a percentage up rating of salary (within agreed salary ranges detailed in table 1), or defined benefits such as childcare costs, support for travel costs, care of dependants or health care provision.
- 9.60 An award may be paid as salary over the given period or as a lump sum (on commencement or after a pre-determined period of unbroken service). All payments must be made in accordance with the detailed requirements of the current 'Teachers' Pay and Conditions Document'.
- 9.61 Where either a Recruitment and/or Retention payment is made the Trust Board will conduct regular reviews of such payments, and will undertake a formal review of all payable allowances as part of the annual review of this Pay Policy.
- 9.62 The Trust Board will write to staff receiving Recruitment and/or Retention Payments detailing;
- The value of such payments;
 - The expected duration of such payments;
 - The review arrangements of such payments;
- 9.63 All Recruitment and Retention payments must be formally reviewed as a minimum every 12 months.
- 9.64 Head of Schools, Deputy Head of Schools and Assistant Head of Schools, are not entitled to any retention awards other than reimbursement of any reasonably incurred housing or re-location costs.

Additional Payments

9.65 All decisions regarding Additional Allowances will be made in accordance with Paragraph 26 of the [STPCD](#) and Paragraphs 60–73 of the associated Section 3 guidance document.

10 Other considerations

Part Time staff

- 10.1 All decisions regarding Part Time Staff will be made in accordance with Paragraph 40–42.2 of the [STPCD](#) and Paragraph 79–86 of the associated Section 3 guidance document.
- 10.2 All staff employed on an on-going basis at the academy but who work less than a full working day or week are deemed to be part time. The Trust Board will provide these staff with a written statement detailing their working time obligations and the mechanism used to determine their pay, subject to the provisions of the statutory pay arrangements.
- 10.3 The academy's timetabled teaching week of a full-time classroom teacher is to be used as the basis for calculating the pro rata percentage of the academy's timetabled teaching week for which a part-time teacher is employed at the same school. This percentage is used to determine the pro rata remuneration of a full-time equivalent teacher's remuneration to which a part-time teacher is entitled. The percentage remains the same whether the academy operates a weekly, fortnightly or any other timetable cycle.
- 10.4 The timetabled teaching week refers to school session hours that are timetabled for teaching, **including** PPA time and other non-contact time but **excluding** break times, registration and assemblies.
- 10.5 In addition to equal pay entitlements, from September 2005, the academy Teachers' Pay and Conditions Document specifies that part-time teachers are entitled to PPA time pro rata to full time teachers.

Employment based routes in to teaching

- 10.6 A teacher employed under the Salaried Schools Direct or registered teacher programmes will be paid as an unqualified teacher.
- 10.7 Those teachers who have trained Overseas and who have official recognition of the Teachers' Training Agency will be paid as qualified teachers.

Supply (short notice) Teachers

- 10.8 All decisions regarding Supply (Short Notice) Teachers will be made in accordance with Paragraph 42–42.2 of the [STPCD](#).
- 10.9 For administrative ease, the Trust Board will pay daily basis supply teachers in accordance with the provisions of the academy teachers' pay and conditions document on short notice teachers. The Local Authority method of calculating pay entitlement is;
- Daily rate – salary divided by 195 days

- Hourly rate – salary divided by 975 (195 days × 5 hours)

Record maintenance

- 10.10 All decisions of the Pay Committee, together with criteria used, will be formally recorded (in accordance with the regulations applicable to any committee of the Trust Board).
- 10.11 Each member of staff will annually be given a written statement of their salary review.
- 10.12 All staff have the right of access to their personal salary record by giving notice to the Head of School or Chair of Trustees as appropriate.

Appeals Procedure

- 10.13 The appeals procedure in relation to all pay decisions is attached to this policy at [Appendix B](#) and [Appendix C](#).

11 Employees covered by National Joint Council ('NJC') conditions

Pay and Grading Pay structure

- 11.1 The academy has committed to following BASE Academy's pay and grading structure. As such, BASE Academy operates a structure of 15 grades which is based upon the NJC salary spine, extended locally up to point 62. Posts will be allocated to each grade dependent upon their point score under the job evaluation scheme. Details of pay values for each of these grades are detailed in Table 3 below.
- 11.2 All grades within the new pay structure are incremental, subject to the grade progression criteria. Increments will be paid to eligible employees on 1 April each year, with the exception of new starters between October and March, who will receive an increment following the completion of six months satisfactory employment.

Review of pay grades

11.3 The pay spine on which the grading structure is based is determined nationally. The pay spine is reviewed annually by the National Trades Unions and Employers, who determine the value of a “cost of living” increase across the Local Government sector.

Grade progression

- 11.4 BASE Academy has adopted the national provision for accelerating or withholding increments on an exceptional basis, subject to individual performance. Written evidence must be provided for any such request, which requires the approval of the Head of School and Trust Board.
- 11.5 Once the top of the scale is reached, the employee will remain upon that scale point. No further salary increase will be payable, apart from that arising from the annual cost of living review.

Starting salaries

- 11.6 New starters are appointed at the bottom of the appropriate grade. Exceptions to this must be agreed by the Head of School and Trust Board with consideration given to equality and any team relativity issues.
- 11.7 Staff appointed on a casual basis are appointed at the bottom of the relevant grade.

Pay period

11.8 All employees are appointed on monthly pay and are paid in equal monthly instalments. Payment is made directly into a bank or building society account of the employee’s choice on the closest working day to the 18th of the month. Each months pay comprises 18 days in arrears and the rest of the month in advance, i.e. the salary paid on 18 March is for the 1 March to the 31 March inclusive.

Review of grading

- 11.9 All posts are evaluated using the National Joint Council's job evaluation scheme. If a job has changed substantially since the post was last evaluated and a new job description has been produced, an employee may seek a re-evaluation of the grading of their post in accordance with BASE Academy policy. An employee will have the right of appeal against the grading of their post, if they feel the assessment did not fairly reflect the level of duties and responsibilities of the post.

Note: Information on BASE Academy's Job Evaluation and Appeals procedure is available in [Appendix G](#), [Appendix H](#) and [Appendix I](#).

Pay protection

- 11.10 If the grade of an employee's post is reduced as a result of a re-structure or other organisational change, current earnings are protected for a period of two years. This protection includes contractual enhancements and allowances. During the protection any incremental or annual pay increases will be incorporated in the protection amount until their protected earnings become less than their pay under the revised arrangements, or the protection period expires; whichever is the sooner.

Promotions

- 11.11 Where an employee is promoted into a post on a higher grade or where an employee's post is regraded to a higher grade, they will receive either the minimum of the new pay grade or one increment, whichever is the greater.

Acting up payments

- 11.12 If an employee is required to undertake the full duties of a higher graded post, they will normally be paid at the minimum of the grade of the higher graded post for the period they are 'acting-up'. If the employee is covering duties at a higher level which are not attached to a substantive post, the job evaluation scheme will be used to determine the level of work and associated remuneration.
- 11.13 The higher rate of pay is normally applied with immediate effect for employees paid at Grade F and below, who typically work in front line services where immediate cover at the higher level is required.
- 11.14 The Head of School and Trust Board will determine whether acting up payments are appropriate for those at senior levels in the organisation, where undertaking higher level duties may legitimately be regarded as professional development. Payment to staff paid at Grade G and above is not normally made before an individual has been required to act up for a period of 4 weeks, although the Head of School and Trust Board have the discretion to make the payment sooner, subject to the exigencies of the service
- 11.15 Once the qualifying period of four weeks has been satisfied, the higher salary will be paid with effect from the first day on which the higher duties were effective. Payments will be made with salary or after completion of the appropriate period.

- 11.16 Where there is more than one employee undertaking the additional responsibilities, the Head of School must ensure that their decision can be objectively justified, in accordance with equality principles and is fully documented. Evidence should also be available of the individual's competencies to fulfil the role.
- 11.17 If the duties and responsibilities of a higher graded post are shared between more than one employee, or only part of the duties of the higher graded post are undertaken, the payment made will reflect the proportion and relative importance of the duties undertaken. In such circumstances the additional payments should not normally exceed the total amount payable if one employee undertook the full duties.

Honorarium payments

- 11.18 Where an employee undertakes additional duties outside their job description and the requirements of their role, they may be eligible for an honorarium payment.
- 11.19 Short term honoraria payments are not normally paid for longer than 3 months. The value of any payments must be proportionate to the circumstances and are not normally greater than 10% of salary. Short term honoraria payments may be paid monthly or retrospectively.
- 11.20 If an individual is required to take on additional temporary responsibility for longer than three months, a temporary job description and person specification should be produced and referred to Corporate HR for evaluation.
- 11.21 All honoraria payments must be agreed by the Head of School and Trust Board, and are subject to consultation and agreement with the academy's HR Manager, in line with the academy's [Honoraria and Acting-Up Policy](#). All payments are reported to BASE Academics Executive Management Team ('EMT') and Departmental Joint Consultative Committees ('DJCC'), to monitor consistency of approach and equality of treatment.

12 Working arrangements

Working hours

- 12.1 The standard working week for all full-time employees is 37 hours. On occasion, staff may be required to work outside normal working hours to support particular school needs. In return for this flexibility, the Head of School will work with staff to agree time off in lieu or overtime payments, if appropriate, to a maximum value of time and a half.

Payments for regular, non-standard working arrangements

- 12.2 Staff employed on a contract to work Saturday or Sunday only will be paid at plain time.
- 12.3 All schools' follows BASE Academy's adopted approach to a single system of remuneration which has been agreed for employees contractually required to work at night time and/or over a 6/7 day period for 10% or more of their working time. It operates as follows;

- 12.4 Employees in posts which operate between 7am and 10pm (defined as day time) over a 6/7 day period (i.e. shift patterns covering week days and weekends) will receive an allowance equivalent to 7% of basic salary. Note: staff appointed purely to cover weekend work who do not operate during the week will not be eligible for any enhanced payments.
- 12.5 Employees in posts which operate at night on any day of the week will receive an allowance equivalent to 30% of basic salary for the hours worked during this period. The definition of night time hours is time worked between 10pm to 7am.
- 12.6 Staff who work both day and night time hours over a 7 day period will receive an allowance of 7% which will be increased to 30% for the hours worked at night.
- 12.7 The following posts within a school have been identified as attracting additional payment for regular, non-standard working arrangements; {add/delete/amend as appropriate}

Position Name	Payment Value

- 12.8 Employees covered by this arrangement will;
- Receive the appropriate enhancement as part of their normal pay.
 - Receive a prorated enhancement for any hours worked that overlap the day/night time rates.
 - Receive the enhancement during periods of approved annual leave and properly notified sickness
 - Not receive any additional enhancements for planned work at weekends.
 - Staff paid at Grade F and below will receive double time and a day off in lieu if rostered to work on a public holiday. Staff paid at or above Grade G will receive double time only.
- 12.9 Should the academy determine that a post needs to transfer to this arrangement; the Head of School will provide a written report to the Trust Board for approval. The relevant Trades Unions will be consulted about any such cases.

Payments for infrequent or less than 10% non-standard working hours

- 12.10 Employees who work at the weekend or at night on an infrequent or ad hoc basis and who are not paid an all-inclusive allowance may claim enhancements to a maximum of time and a half for any hours worked at the weekend or at night.
- 12.11 Enhancements apply to any hours worked at night or weekend and are not related to the number of working hours per week. Staff who work less than 37 hours per week would, therefore, be entitled to enhancements for time worked at weekend or at night.

Public Holidays

12.12 All employees are entitled to the 8 public (bank) holidays.

12.13 Staff paid at Grade F and below will receive double time and a day off in lieu if rostered to work on a public holiday.

12.14 Staff paid at or above Grade G will receive double time only, with the exception of those roles for which it is a contractual requirement.

Overtime

12.15 Employees with more than one contract across the council will not receive overtime if their total weekly hours exceed 37 unless they work more than 37 hours in a school on one particular contract.

12.16 Employees paid at Grade F and below may receive payment to a maximum value of time and a half should they exceed a 37 hour working week on a planned basis, or take time off in lieu at plain time. Any additional hours up to and including a 37 hour working week are paid at plain time.

12.17 Employees paid at Grade G and above have the option to receive either payment at plain time for any overtime hours worked or to take the equivalent time off in lieu.

Car allowances

Essential Car Users ('ECU')

12.18 From 1 April 2012 the council implemented the Travel Costs Reimbursement Policy, under which a lump sum payment is only made to essential users if the requirements of the role cannot be met without the use of a private vehicle. The allocation of this allowance is subject to an annual review and any changes are subject to DMT and corporate approval.

12.19 Examples of the essential requirement for a private vehicle include;

- The role requires regular travel across and/or outside of the borough, typically at multiple sites within one day, where public transport is not practicable and/or would be more expensive than use of a private car;
- The post holder may often be called out in an emergency, outside of any planned cover arrangements, and requires access to a private vehicle to respond quickly;
- The post holder is regularly required to transport clients or equipment as part of their work.

12.20 Car insurance policies must cover the car for business use. Any mileage claimed will be at the essential user rate.

Casual Car Users

12.21 Should an employee who doesn't receive the essential car user allowance use their vehicle in the course of their duties, a casual car user mileage rate will be paid.

12.22 Car insurance policies must cover the car for business use. Any mileage claimed will be at the casual user rate.

Payments to Car Users

12.23 Allowances are reviewed regularly by the National Joint Council (NJC) and all nationally agreed increases are applied as appropriate. The Essential Car User (ECU) allowance and mileage rates for essential and casual users are in line with bands 1 and 2 of NJC rates.

12.24 If you use a motorcycle or bicycle for business use, then the relevant HMRC rate will be applied.

12.25 Mileage claims should be submitted monthly and all claimants must hold a full, current and valid driving license and have adequate vehicle insurance cover to comply with the Council's requirements. Fraudulent claims may result in disciplinary action taken against the claimant and/or the authorising officer.

Car Parking

12.26 The academy does not pay for car parking for staff within the Borough.

APPENDIX A

Pay Committee and remit

The Trust Board will establish a Pay Committee (this function may either be performed by a dedicated pay committee or be part of a more wide ranging personnel committee) with delegated responsibility and authority to implement the policy by;

- contributing to the Trust Board's annual review of the pay policy in the provision of information on the previous year's implementation;
- determining which discretionary pay decisions are to be delegated to the Head of School;
- applying the statutory elements of the academy Teachers' Pay and Conditions Document and the National Conditions of Service for Support Staff;

- ensuring that each member of staff is consulted by senior management over the content of their job description and that all pay decisions are properly referenced to job descriptions;
- ensuring that all members of staff have the opportunity to discuss particular concerns regarding their salary with a member of the senior management team or Trustees as appropriate;

- ensuring that the academy structure is attached as an appendix to the pay policy;

APPENDIX B

Appeals procedure pay policy decisions

An appeal is appropriate if a member of staff is not satisfied with the decision of the Pay Committee concerning their salary assessment and requires that the basis for the decision be reviewed by an impartial body. The following list includes the usual reasons for seeking a review of a pay determination;

That the person or committee by whom the decision was made;

- incorrectly applied any provision of the Document
- failed to have proper regard for statutory guidance
- failed to take proper account of relevant evidence
- took account of irrelevant or inaccurate evidence
- was biased; or
- otherwise unlawfully discriminated against the teacher

Appellants may wish to seek the support of their Professional Association/Trade Union Representative when presenting their case at an Appeal Hearing. The order of proceedings is as follows;

- i. The Appellant receives written communication of the pay determination and where applicable the basis on which the decision was made.
- ii. If the Appellant is not satisfied then they should seek to resolve this by discussing the matter informally with the decision maker within ten working days of the decision.
- iii. Where this is not possible, or where the Appellant continues to be dissatisfied they may follow a formal appeal process.
- iv. The Appellant should set down in writing the grounds for questioning the pay decision and send it to the person or the committee who made the determination, within ten working days of the notification of the decision being appealed against or of the outcome of the discussion referred to above.
- v. The Committee or person who made the determination should provide a hearing within ten working days of receipt of the written grounds for questioning the pay decision to consider this and give the Appellant an opportunity to make representations in person. Any supporting written evidence to be put before the Committee will be exchanged prior to the hearing 5 days in advance whenever possible.
- vi. Following the hearing the Appellant should be informed in writing of the decision and the right to appeal.
- vii. Any appeal should be heard by a panel of three Trustees (the Appeals Committee) who were not involved in the original determination normally within 20 working days of the receipt of written appeal notification. The Appellant will be given the opportunity to make representations in person. The decision of the appeal panel will be given in writing, and where the appeal is rejected will include a note of the evidence considered and the reasons for the decision.

The procedure for the hearing of the appeal will be that the Appeals Committee will meet and conduct a Hearing in the following manner;

Those present

- Chair of the Appeals Committee and Committee members (at least equal in number to the Pay Committee who made the first decision)
- Chair of the Pay Committee
- Appellant
- Professional Association / Trade Union Representative
- Head of School (in an advisory capacity unless he/she is the Appellant)
- Children's' Services HR Adviser (in an advisory capacity if invited)

APPENDIX C

Appeals hearing procedure

- i. The Chair of the Pay Committee, the Appellant and their representative enter the room together when invited.
- ii. The Chair of the Appeals Committee introduces all parties and outlines the procedure.

- v. The Chair of the Pay Committee responds, indicating why the original decision was made and submits evidence he/she feels is appropriate to the original decision.
- vi. Any questions for clarification from;
 - the Appellant or his/her representative
 - members of the Appeals Committee
- vii. Members of the Appeals Committee (and their advisers) have the opportunity to ask questions of both parties
- viii. An opportunity is given to the Chair of the Pay Committee to sum up the case, no new evidence shall be introduced at this stage.
- ix. An opportunity is given to the Appellant or their representative to sum up the case, no new evidence shall be introduced at this stage.
- x. Both parties retire to allow the Appeals Committee to consider the case and to make their decision.
- xi. All parties are recalled to indicate the decision of the Appeals Committee and that the Chair will confirm the decision within 5 working days.

APPENDIX D

Grade descriptors for the quality of teaching, learning and assessment

Note: Grade descriptors are not a checklist. Inspectors adopt a ‘best fit’ approach that relies on the professional judgement of the inspection team.

Outstanding

- Teachers demonstrate deep knowledge and understanding of the subjects they teach. They use questioning highly effectively and demonstrate understanding of the ways pupils think about subject content. They identify pupils’ common misconceptions and act to ensure they are corrected.
- Teachers plan lessons very effectively, making maximum use of lesson time and coordinating lesson resources well. They manage pupils’ behaviour highly effectively with clear rules that are consistently enforced.
- Teachers provide adequate time for practice to embed the pupils’ knowledge, understanding and skills securely. They introduce subject content progressively and constantly demand more of pupils. Teachers identify and support any pupil who is falling behind, and enable almost all to catch up.
- Teachers check pupils’ understanding systematically and effectively in lessons, offering clearly directed and timely support.
- Teachers provide pupils with incisive feedback, in line with the academy’s assessment policy, about what pupils can do to improve their knowledge, understanding and skills. The pupils use this feedback effectively.
- Teachers set challenging homework, in line with the academy’s policy and as appropriate for the age and stage of pupils, that consolidates learning, deepens understanding and prepares pupils very well for work to come.
- Teachers embed reading, writing and communication and, where appropriate, mathematics exceptionally well across the curriculum, equipping all pupils with the necessary skills to make progress. For younger children in particular, phonics teaching is highly effective in enabling them to tackle unfamiliar words.
- Teachers are determined that pupils achieve well. They encourage pupils to try hard, recognise their efforts and ensure that pupils take pride in all aspects of their work. Teachers have consistently high expectations of all pupils’ attitudes to learning.
- Pupils love the challenge of learning and are resilient to failure. They are curious, interested learners who seek out and use new information to develop, consolidate and deepen their knowledge, understanding and skills. They thrive in lessons and also regularly take up opportunities to learn through extra-curricular activities.
- Pupils are eager to know how to improve their learning. They capitalise on opportunities to use feedback, written or oral, to improve.
- Parents are provided with clear and timely information on how well their child is progressing and how well their child is doing in relation to the standards expected. Parents are given guidance about how to support their child to improve.

- Teachers are quick to challenge stereotypes and the use of derogatory language in lessons and around the academy. Resources and teaching strategies reflect and value the diversity of pupils' experiences and provide pupils with a comprehensive understanding of people and communities beyond their immediate experience.

Good

- Teachers use effective planning to help pupils learn well. Time in lessons is used productively. Pupils focus well on their learning because teachers reinforce expectations for conduct and set clear tasks that challenge pupils.
- In lessons, teachers develop, consolidate and deepen pupils' knowledge, understanding and skills. They give sufficient time for pupils to review what they are learning and to develop further. Teachers identify and support effectively those pupils who start to fall behind and intervene quickly to help them to improve their learning.
- Teachers use their secure subject knowledge to plan learning that sustains pupils' interest and challenges their thinking. They use questioning skilfully to probe pupils' responses and they reshape tasks and explanations so that pupils better understand new concepts. Teachers tackle misconceptions and build on pupils' strengths.
- Teachers give pupils feedback in line with the academy's assessment policy. Pupils use this feedback well and they know what they need to do to improve.
- Teachers set homework, in line with the academy's policy and as appropriate for the age and stage of pupils, that consolidates learning and prepares pupils well for work to come.
- Teachers develop pupils' reading, writing and communication, and where appropriate mathematics, well across the curriculum. For younger children in particular, the teaching of phonics is effective in enabling them to tackle unfamiliar words.
- Teachers expect and encourage all pupils to work with positive attitudes so that they can apply themselves and make strong progress.
- Pupils develop the capacity to learn from mistakes and they become keen learners who want to find out more. Most are willing to find out new information to develop, consolidate and deepen their knowledge, understanding and skills, both in lessons and in extra-curricular activities.
- Most pupils commit to improving their work. They are given time to apply their knowledge and understanding in new ways that stretches their thinking in a wide range of subjects, and to practise key skills.
- The academy gives parents accurate information about how well their child is progressing, how well their child is doing in relation to the standards expected, and what their child needs to do to improve.
- Teachers challenge stereotypes and the use of derogatory language in lessons and around the academy. Teachers promote equality of opportunity and diversity in teaching and learning.

Requires improvement

- Teaching, learning and assessment are not yet good.

Inadequate

Teaching, learning and assessment are likely to be inadequate if one or more of the following applies.

- Teaching is poorly planned.
- Weak assessment practice means that teaching fails to meet pupils' needs.
- Pupils or particular groups are making inadequate progress because teaching does not develop their knowledge, understanding and skills sufficiently.
- Pupils cannot communicate, read, write or apply mathematics as well as they should, so they do not make sufficient progress in their knowledge, understanding and skills because they are unable to access the curriculum.
- Teachers do not promote equality of opportunity or understanding of diversity effectively and so discriminate against the success of individuals or groups of pupils.
